## Fiscal Responsibility. Economic Security.

### Spencer Werth: Volunteer Coordinator

The Louderback for Legislature campaign is proud to announce the promotion of Spencer Werth to Volunteer Coordinator. Spencer worked very hard for us in the primary and will continue to be a huge asset in his new position. Here is a little more information about Spencer in his own words:

I'm a senior Political Science major at Creighton University. I was born and raised in Aberdeen, South Dakota, where I came to enjoy politics. I was active in high school in debate, music and sports. Even in 8<sup>th</sup> grade, I was involved in politics by helping work John Thune's unsuccessful bid for the Senate. The summer after my junior year I attended South Dakota Boys' State and the Presidential Classroom program in Washington, DC.

At Creighton, I've been involved in a variety of musical groups, when I'm not in the Political Science room arguing politics. I'm planning on attending law school, hopefully at Creighton, with an eventual goal of becoming involved in national politics at some point.

#### Upcoming Events:

- Precinct Walking (Plattsmouth)
- The Festival Previously known as the Kass County King Korn Karnival Parade (September 10 and 11)
- AppleJack Festival (September 19)
- Nebraska Cornhusker watching and sign building party (September 25)

Please contact us at:

For more details.

#### Facts About Nate:

- He is a die hard Nebraska Cornhusker fan. Go Big Red!
- No surprise that his favorite food is steak.
- His favorite NFL team is the Kansas City Chiefs.
- He played the tuba in the Plattsmouth High Marching Band.
- He played football, wrestled, and ran track in high school.
- He loves to eat wings and play trivia at Buffalo Wild Wings.

### Needed: Walking Partner for Nate

Louderback for Legislature is planning on an aggressive walking schedule between now and the election. Nate is looking for a partner (or 2 or 3) to walk with him through the district. He is planning on walking on Tuesday-Thursday every week, along with some walking on the weekends.

Please contact the campaign if you are interested.

Additionally, the Louderback for Legislature campaign has not raised money from any special interest groups and are 100% donations from friends, family, and constituents who feel that Nebraska deserves a government that is Fiscally

Responsible and provides for the Economic Security of its citizens.

But we need your help if we are to compete in November! Every little bit counts. Please send all donations payable to 'Louderback for Legislature' to: 1732 4th Avenue, Suite 213 Plattsmouth, Ne 68048, or go to [www.louderbackforlegislature.com](http://www.louderbackforlegislature.com) and donate online.

## Where in the District is Nate?!?!?!?

In my ongoing effort to get to know the voters in the district, Nate has been to different parts of Plattsmouth and beyond this week.

Nate started again in the Bucanear Bay area, this time focusing on Fairway Road. He met some very interesting voters who were concerned primarily with the national news.

In Plattsmouth, Nate visited 'A' street and hoped to run

into his former boss, Rita Knopik. Nate worked for Coast to Coast in high school and wanted to say hi; unfortunately she was not home. Nate plans on going back out and seeing her later in the campaign to catch up.

Nate then went to Clinton Street in Plattsmouth. He ran into a voter who used to go bowling with his aunt and got some pretty funny stories out of her, but probably not safe to be repeated in a family newsletter. Nate also ran into

four others who voted for him in the primary. He was very excited to talk to his supporters.

Over the weekend, Nate and Spencer walked in Copper Dollar Cove and again he found a very warm welcome. Nate ran into his football coach, Joe LaRosa and commiserated about the high price of Husker pay-per-view games with another voter.

Where will he be next week?

## Louderback Issue of the Week (Embryonic Stem Cell Research)

Every week, Nate will opine on an issue. This week he tackles Embryonic Stem Cell Research.

Like many issues, Embryonic Stem Cell research is one that can cause divisions as soon as the topic is brought up.

Nate believes that there are many potential moral issues involved with research involving Embryonic Stem Cells.

Although there are many claims that we are near a breakthrough and we'll soon be able to use Embryonic Stem Cells to cure everything from Alzheimer's, Diabetes, and even diaper rash, the actual results from the research have been inconclusive.

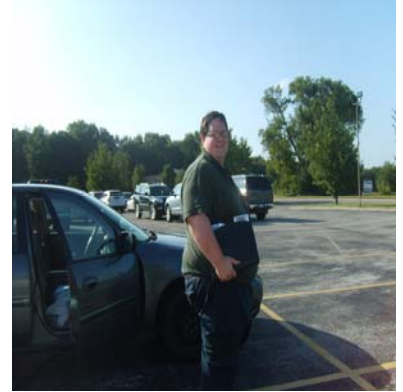

The State Legislature's passage of LB 606 was one of the primary reasons Nate entered the race. The 'compromise' bill was passed with approval of the Legislature, including his opponent. This bill authorized the use of public funds for Stem Cell Research.

Once it was passed, Nate predicted that it would be only a short time before more Embryonic Stem Cell research would be requested, and granted. Lo and behold, the Nebraska Regents approved a measure to increase the number of cell lines. The deciding vote, Mr. McClurg even quoted the Legislature's approval of LB 606 as proof that the Legislature wanted to increase the amount of Stem

Cell research in the state.

Of course members of the Legislature were SHOCKED that their vote on the 'compromise' could EVER, EVER be used as justification for an expansion.

Nate's position on this is simple. No public funding for Stem Cell research. Additionally, Nate recommends that if funding of stem cell research is necessary that we fund adult stem cell research as there are no moral implications and has had more success in producing results.

Ready to walk, could I look like a bigger dork?
