Rambling's from the Road ...

Wow where has this year gone? Sturgis is already behind us and hopefully some heat relief ... but it won't be long and we'll be donning leathers again ... Time flies. Well I hope you have had a chance to thank the senators that supported us ... I know not everyone is completely happy with the new law as it stands and I wanted to point out what ABATE's Board of directors have agreed we will strive for ... we need one voice in this going forward ... ok so ideally the amendments we want to see

21 and over with no tickets for 5 years to be grandfathered in without taking a BRC course.
Second passengers grandfathered to the rider ie if the rider qualifies so will the passenger

Now do I think we can get all that ... maybe, but here's what I think we can get ...

21 and over with a M endorsement currently take only the online portion of the BRC (cost is 20\$ and can be taken at any time)
Second, passenger also only take the online course print certificate and qualify as a safety course ...

This is what we hope to get this next session and improve the law ... we got past the major hurdle and some will already be able to ride under the new law ... but I believe this would make more sense for passengers (if they never plan to drive a bike) and for the rest of us that have years of experience not to take courses away from new riders ... I do believe taking the course is not a bad thing personally and would encourage anyone to take it ... I did (another article this edition) and I was impressed. Anyway this is what we will work toward I encourage you to talk to your senators about it ... and come January hopefully we will tweak the law ... but do not change the narrative we have to be together on what we say or we'll end up with a mess of different ideas and confuse the issue. Be United!

Basic Rider Course Review

Ok we all know that the law changes January 1 2024. As of that date if you have taken the Basic Rider Course or BRC you will no longer be mandated to wear a helmet. You now have a choice. I for one thought heck the BRC ... I've been riding for some 44 years on the street what can that teach me? I'd even taken the BRC many years ago and I have to say ... I was amazed how much I could learn ... learn to practice as in 2 days I'm impressed they can teach some new riders to ride. I was fortunate enough to take the course with another guy that had been riding for a long time whom brought his son, who had never rode ... I saw that kid go from struggling to hold it up to having some degree of confidence. I myself saw some bad habits I had developed and got a good idea of some exercises I'll practice on my own bike mainly low speed maneuvers. I guess what I want to say is I took the course to show everyone that I was willing to take it in order to fulfill the no helmet requirement and now that I have taken it and passed ... I have to say even this old dog can learn some new tricks ... I encourage everyone to be a better rider ... no matter how many years you've had in the saddle ... Ride safe, Ride Free

RIGHT TO RIDE

Assistant State Coordinator

We have a current opening for Assistant State Coordinator—Position can be as involved as you have time for. We need help and the more hands the better. Ideally this person needs to be willing to visit other Districts, visiting with members (not just Board members) and reporting back to the state on the concerns that not everyone talks about in meetings. No experience necessary, just a desire to learn and listen. I need officers with their own minds and ideas willing to talk them through, whether or not there are differences of opinion. Working together to find common ground will bring a better organization for everyone. I do not plan to do this job forever and it's about time someone learned what is all involved ... If interested contact me anytime, leave a message, I will get back with you—Rogue

State Legislative Officer

Hope you have all been able to enjoy this nice riding weather. I haven't been able to ride as much as I would like, but that's life. Just because our legislature won't be in session till January, that doesn't mean there's nothing we can do legislatively. On the contrary, now is when we can have the most impact. Senators will be holding events in their districts, attending street dances, parades and other similar events. Now is the time to build and strengthen those relationships. Who knows, you may even hear of someone who supports motorcycle rights planning the run for office in the next election cycle. (I've already heard of one, thanks John)

the best way for us to be able to get improvements made to the current helmet modification bill is to have strong support throughout the legislative body. If we continue to build and nurture the relationships we have all worked so hard to establish, who knows how much we can accomplish for motorcyclists across the state. That will make Lobby Day a pleasant formality. If we choose to think the work is done and rest on our laurels, it won't be long before we will be forced to strap on a lid again.

Enjoy the rest of your summer...

Till next time,
Randy Geer
State Leg. Rep

News From Around the STATE!

District 2

Hard to believe we are in the last few weeks of summer. Where has it gone? It just flew by. one day we are prepping our bikes for the beginning of the season and now, there's already football on TV. You should all take pride in some of the achievements ABATE has had in the past several months. I know I do. From the passage of a helmet modification in June to getting our Share the Road program presented to young drivers in drivers ed to over 200 active members in our district. Kudos to all involved!

Congratulations to Joe Garcia on becoming certified as a Share the Road presenter after our last district meeting. We need more! I had a conversation at the Nebraska Safety Council this afternoon and moving forward they would like us to present to both beginning and adult classes evenings in the fall. That's an opportunity for some of you who work days to help present. We need you!

With all that has been going ABATE's way the past several months, how can you not want to be a part of it? Our next meeting will be held Wednesday September 13th at 7pm in the First Avenue Social Hall in Lincoln. Come out and get involved and help our organization be the best it can be. Until then...

Enjoy the Ride

News from MRF!

Will you ask your Senators to protect the internal combustion engine?

Members of Congress are in the middle of a 6-week break away from Washington, D.C. While lawmakers won't return until after Labor Day, their staff are still working on several policy issues.

Earlier this year, the Biden Administration rolled out plans to shift this country to a majority electric vehicle market over the next ten years. In June, Senator Markwayne Mullin of Oklahoma introduced S.2090, the "Preserving Choice in Vehicle Purchases Act." The bill would amend the Clean Air Act to prevent a ban on the sale of internal combustion engines, effectively trumping any state law that outlaws their sale. S. 2090 is the Senate's version of H.R. 1435, which recently passed out of the House Energy and Commerce Committee.

While the House version of the bill is moving, the Senate version of the bill still needs more cosponsors. Will you ask your two Senators to protect the internal combustion engine?

RIGHT TO RIDE

News from MRF!

You gotta fight for your right to repair - SUPPORT H.R. 906!

Do you enjoy working on your motorcycle? Do you want to guarantee access to the parts, tools and service information needed to modify, service and maintain your bike? If you answered yes to these questions, it's time to contact your member of the House of Representatives and ask them to cosponsor H.R. 906, the "Right to Equitable and Professional Auto Industry Repair Act" or the "REPAIR Act".

The REPAIR Act ensures that vehicle owners or repair shops are not denied access to the information, software or tools needed to work on vehicles. The proposed law also establishes rules regarding vehicle data access. This commonsense law will help preserve consumer choice and a fair marketplace.

As of July 1st, 32 members of the House of Representatives have signed on in support. That is twice as many as were on the bill before the Motorcycle Riders Foundation (MRF) held its Bikers Insider the Beltway event in May! The MRF is making a difference, let's keep up the pressure!

Congress returns to Washington D.C. Tuesday, after a two-week break. That makes it the perfect time to contact your lawmaker and tell them you support H.R. 906.

Social Media ...

Hello all,

As we all work towards raising awareness of the Motorcycle Riders Foundation and our SMRO to the general riding public, many of us have turned to the realm of social media to promote the lifestyle we are trying to protect. Towards this end, we at the MRF would like to encourage you to *Like* our posts, *Share* our posts and encourage your Chapters, Regions or Districts and your Members that are active in social media to share and like our posts. The more that we intertwine our pages, the more visibility we will all have. If you are having State events, please share them with us by sending them via the messenger tool and we will share them to our page.

They can be sent to communications@mrf.org.

To Those that Concede No Injustice is done !

Live it, Breathe it ... I am so tired of those Barstool managers telling us in ABATE how it should be done. I cannot fathom how it eludes them that if you sit there and do nothing you are just as guilty as those legislators that put these laws in place we hate ... helmet laws, noise restrictions, handlebar restrictions ... You got an idea ? Get off your barstool and get to a meeting and help us make it a reality ... do not expect any changes if you are not willing to make them

RIGHT TO RIDE

TEN WAYS TO KILL ABATE

- 1. Don't come to meetings.**
- 2. If you do come—come late.**
- 3. If the weather doesn't suit you—don't come.**
- 4. If you do attend a meeting—find fault with the work of the officers and other members.**
- 5. Never accept an office—it's easier to criticize than to do things.**
- 6. Nevertheless, get sore if you are not appointed on a committee or certain function: but if you are appointed—do not attend the committee meeting or function.**
- 7. If asked by an officer to give your opinion on an important matter, tell him you have nothing to say—after the meeting tell everyone how things are done.**
- 8. Do nothing more than is absolutely necessary; but when other members roll up their sleeves, willingly and unselfishly using their ability to help matters along—howl that the organization is being run by a clique.**
- 9. If your area is struggling financially and is in need of support—be sure to muster all the help you can to vote against any action requiring more money.**
- 10. Don't bother about new members—let the other fellow do it.**

“Achievers are successful because they form the habit of doing those things that average people don't like to do. Building a team is building a Habit!”

By Frank Conard, ABATE of CA, FL and OH,

I was given permission to reprint this from Michael Infanzon, Frank's son. I do not know how old the print is but it rings very true and should be a warning to all of us ... I have seen this more often than not in my tenure with ABATE at nearly every meeting or event ... there is always one ... Don't let the one ruin it for the rest.... And for F's sake Don't be the One!

RIGHT TO RIDE

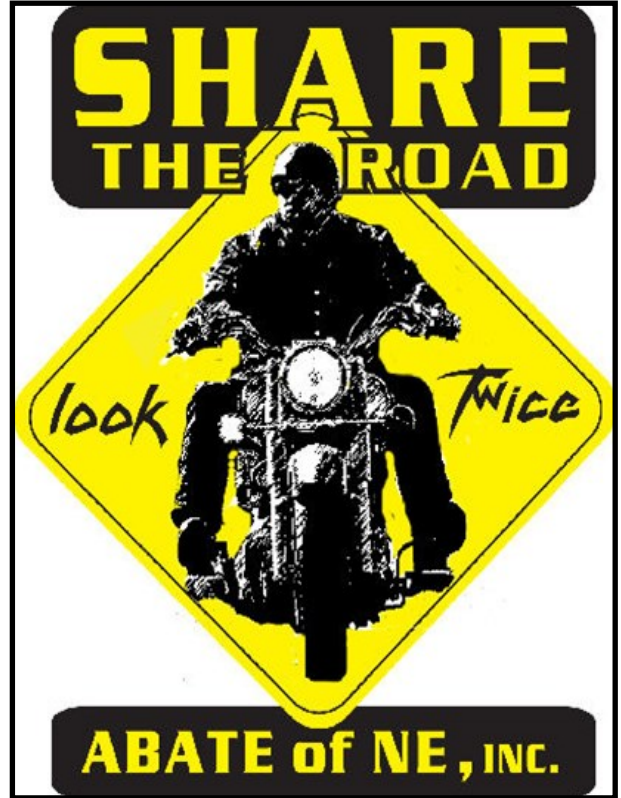

SHARE THE ROAD is a motorcycle awareness program that promotes driver awareness and increases understanding of how motorcycles behave in traffic. ABATE of Nebraska, Inc. provides trained volunteers to present this program to the public. We believe that education and training are the best ways to prevent, and thereby reduce, motorcycle/automobile accidents.

Research shows that three fourths of crashes involving a motorcycle also involves another motor vehicle, which is usually at fault. Considering crash statistics and the increasing number of motorcyclists, the key to a safer riding mix is learning to SHARE THE ROAD.

Motorcycles are very different from automobiles - they are much smaller in size & are harder to see than automobiles. The failure of motorists to see motorcyclists in traffic is the most common cause of crashes. Car drivers who are involved in an accident with a motorcycle often do not see the motorcycle prior to the accident, or until it is too late to avoid having the accident.

The greatest risk area for a conflict between a motorcycle and a automobile is at an intersection...whether it is in the middle of an urban area, a driveway on a residential street, or anywhere where traffic may cross your path of travel. Over one half of motorcycle/car accidents are caused by drivers entering a rider's right-of-way. Cars that turn left in front of motorcyclists, including cars turning left from the lane to the right, and cars on side streets that pull into the motorcyclists lane are the biggest dangers.

The fact remains.....the best way to prevent any accident is through Education, Safety, and Motorcycle Awareness Programs like SHARE THE ROAD.

What is ABATE?

ABATE stands for "American Bikers Aiming Towards Education".

ABATE of Nebraska, Inc. works for you, the motorcycle enthusiast.

ABATE is a rights organization consisting of motorcycle enthusiasts throughout the State of Nebraska. Our goals and purposes are to encourage favorable legislation for motorcyclists. These are accomplished through a monthly newsletter, a website, promotion of safety education programs (designed to help prevent fatal and personal injury accidents), lobbying at the State Legislature and voter registration programs.

A great many restrictive laws pertaining to motorcycles and riders have been enacted by uninformed or misdirected legislative bodies. ABATE of Nebraska, Inc.'s goal is to keep our legislature informed of our feelings as motorcyclists, about such proposed legislation. Preventing unfair legislation is much easier than struggling to get an unfair law repealed. ABATE of Nebraska, Inc. also works with motorcycle rights organizations across the county to stop unfair legislation aimed at motorcyclists.

ABATE of Nebraska, Inc. does not advocate that you ride without a helmet, but we feel that as a responsible adult, you should have the right to decide whether or not to wear one.

ABATE of Nebraska, Inc. provides the neutral ground which allows us to stand beside and support each other in unity, with respect to safeguarding our rights and to be individuals with different views. A concept that we are united with a common interest and now a common ground on which to stand.

RIDING FREE!

Who is ABATE and Why Join?

ABATE of Nebraska, Inc. members are motorcyclists who share the same ideas about freedom of the road, a free lifestyle and have a strong desire to keep it that way.

But ANY motorcyclist who cares enough about his or her personal freedom should join. Any motorcyclist who does not become involved is guilty of complacency, which can be deadly in this day and age. The motorcyclist who does not become involved then loses his or her right to complain when laws are passed that are an infringement on their personal freedoms.

The 'RIGHT TO RIDE' is a publication of ABATE of Nebraska, Inc. that is available on our website to all active members. It contains legislative and other motorcycle related news as well as a calendar of events.

The ABATE of Nebraska, Inc. website (www.abateofne.com) is a FREE online source for ANYONE, regardless of membership.

When you join ABATE of Nebraska, Inc. you have the distinction of working with and being a member of the primary biker rights group in the state.

ABATE also offers an Accidental Life Insurance Policy of \$2000 free of charge as an active member.

Most insurance companies also give discounts for being a member of ABATE and also give an added discount for completing our 'Share the Road' program.
